NASA DECLARATION

We, Martin Eberle and Tim Rabel, German citizens, residing respectively at Jork, Germany, and Bretten, Germany, declare:

That we made and conceived the invention described and claimed in U.S. Patent Application Number 10/752,425 filed in the United States of America on January 6, 2004, titled APPARATUS AND METHOD FOR LIGHTER-THAN-AIR AIRCRAFT.

That we made and conceived this invention while under contract with Charles Ross Associates. That the invention is related to the work we were contracted to perform and was made within the scope of our contract duties; that the invention was made during working hours and with the use of the facilities, equipment, materials, funds, information and services of Charles Ross Associates.

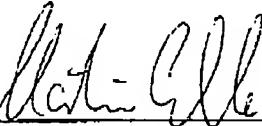

That to the best of our knowledge and belief the invention was not made (conceived or first actually reduced to practice) under, nor is there any relationship of the invention to, the performance of any work under any contract of the National Aeronautics and Space Administration or any other United States Government agency.

The undersigned inventors declare further that all statements herein of their own knowledge are true and that all statements made on information and belief are made with the
